ASSIGNMENT #1 - SUMMER READING ASSIGNMENT

The American Yawp online book.

http://www.americanyawp.com/text/wp-content/uploads/Locke_American-Yawp_V1.pdf

You will read and summarize 5 of the chapters of your choice into 5 short paragraphs; labeling each paragraph with it's corresponding chapter. Ex. The summary that you wrote labeled chapter 5 summary

You will take each of the selected summarize chapters and do a comparative analysis against another developed country/continent. For example, if the chapter you read was about natives and how population grew, you will compare/contrast that with maybe Africa (your choice of the area or continent), and how migration affected that continent; along with how population was affected during the developing stages of that continent. In other words, how did Africa (in this case) grow differently? Why? What key factors contributed to this growth?
