

Science Academy STEM Magnet Chromebook Request Options

Science Academy Families,

I would like to take this opportunity to clarify the use of Chromebooks due to some recent misunderstandings.

Every 6th-12th grade classroom has a Chromebook cart, and they may **NOT** be removed from the classrooms to ensure that students in each period have a Chromebook to use; the college classrooms do NOT have a cart.

HOW TO REQUEST A CHROMEBOOK?

There are 2 ways to request a Chromebook; ANY Science Academy may request a Chromebook, please decide the best option for you.

Option 1-School Loaner:

- **MUST** be collected at the end of each school year; it is subject to inspection
- It is used, it is not touch screen
- **To request a SCHOOL LOANER: Submit your request here:** <https://bit.ly/EVHSLibraryhelp> (case sensitive)
- Usually delivered to student by school tech staff within 3-5 business days

Option 2 - District provided Chromebook (aka: EFC Device)

- The district is providing **ONE FREE DEVICE** to every LAUSD student
- This device can be kept by the student if he/she leave Science Academy but stays in LAUSD
- Upon graduation, it must be returned
- Chromebook is newer touch-screen model; **not** previously owned
- **To request a FREE Chromebook from the District: Submit your request here:** device.lausd.net (Parents must submit this request using their parent portal log-in)
 - Any questions on log-in information, contact Ms. Love in the Magnet office.
 - You'll receive a confirmation email from the District
 - Email will continue pick-up instructions
 - OR you can wait until the District delivers this device to Science Academy, which could take up to 3 months.
 - Please do NOT call Science Academy to ascertain ETA as we do not have access to any delivery information

Student Chromebook/Device Pledge

Please be mindful that students/families are responsible for the proper use of ALL District devices/property (refer to Technology Pledge for proper use and expectation). Click [here](#) to review the pledge.

Additional Support:

If parent does NOT have a parent portal account, then create here:	https://achieve.lausd.net/Page/10470
Video Instructions on how to set-up parent portal account:	https://lausd.wistia.com/medias/j2niodqyiw
More self-help guides are available at:	https://achieve.lausd.net/Page/10470
School-site help available from our Parent Rep: Ms. Love	****contact Ms. Love in the Magnet office

When does my child get the Chromebook, delivery estimates are provided in the options above.
